“ Growing up, you were like a second mother to me. You treated me like one of your own. I will never forget the love and kindness that you shared with me. I love you and I will see you again one sweet day. ~Karisa

“ To my dearest friend Delores Whitaker Everley , I just learned of your passing which truly breaks my heart. You were a friend that was always there for me to talk to and we shared our troubles with each other over many lunches, breaks, and dinners we shared. My heart is filled with so much sadness knowing that you are no longer here but I want you to know how much your friendship has meant to me over the years.

I will always have special memories of you that will make me smile. You have always meant so much to me and so many other people. You touched so many people in such a positive way with your kind heart.

So until we can sit and talk again just like we used to do I will always have my special memories of you. I love you girl....Fly high.
