“ Our Lord and Savior I know welcomed you with open arms and took you straight to the nursery to help with all the little ones till their mommas get there. I only had you for 6 yrs but we had some wonderful laughs and cries. We sang and danced. We watched the birds and watched lots of Hallmark together (usually why we cried). You and your family welcomed me and now I have an extended family. I will Dearly miss you but I am at peace knowing you are at Peace now. May God Bless and keep your family and friends safe and comforted as only he can during these very trying times for them. Shoot me a star every now and then so we can keep in touch. Love you to Heaven and back forever and ever.
