“ *Judy, its been almost 2 years since Brit left us, but I still think of him after I almost say "Well, lets talk to Brit", thinking he is still here and wanting his wisdom and knowledge. I was also on Special Project with him and worked a Working Group for him for over 6 years. I did not hear of his passing until he was buried, so his passing was not complete for me until recently. He was a good friend to me and many others and it was a pleasure to know him. I'll always remember him. Ray Morgan*

“ *I worked with Brit in the Engineering Directorate, and he was always such a gentlemen. His smile and positive outlook were blessings to his co-workers. He would get me tickets to the First Baptist Christmas program and prayed for my family when my husband's cancer was found. He was very special to me in his exemplary Christian life. Such a good man. A loving family man. He will be missed.*

“ *Remember the first time I met Brit, I asked him where he was working and he told me in Engr Dept, I told him he needed to be working in Research Park where the big money was!!! He said he chose Civil Svc for benefits. Later in week, Judy said she understood I had met her son.....I said, No, not that I know of.....and she told me that Brit had passed along to her, what I had said.....Foot in Mouth!!!! Over the years, kept up with Brit and his great family, visited him in hospital...he was a trooper in taking his treatments and being positive all along!!! Glad to have known such an outstanding fellow and his family!!! Prayers for whole family!!!*

CC

So very sorry to hear about Brit's passing! He and I go way back-we graduated high school together and ran in the same social circles. We then carpoled when we went to Snead State. I had the pleasure of meeting his lovely wife, and we would often meet for lunch when I worked for Lockheed. My prayers are with his entire family. Brit was a fabulous person!!
