“ *'Susi, I saw Leland Cox this morning and he told me about Fritz passing. I am saddened to hear of your loss. He was a wonderful friend and helpful neighbor to all and a dear family member. I have precious memories of our young times together on Greenleaf Drive. You and Fritz were some of our first friends in Huntsville and I remember helping you relocate after the tornado and being talked into buying the house up the street and have never been sorry about any of that...it was the best of times. I talked to Artie this morning and he did not know. My love and prayers for comfort and peace to you and your family as you move through this loss.*
