“ *Terry Bartlett was my brother-in-law, but he was more like a brother to me in so many ways. Whenever I or anyone was around him, he always had that smile that made you feel welcome and glad to be around him. He was always eager to show you his latest restoration drum project and he did excellent work in restoring them. He loved his family and they loved him as well. He was so proud of his wife, Kaye, my sister, and you could tell how much he loved her because he wasn't shy about sharing how much he loved her. I will be a better person for having know him and the world is a better place because he was in it.*
