“ My condolences goes out to the family and everyone affected behind the passing of my sweet and dear friend...I will forever love you and you will forever reign in my heart....the things that set you apart from everyone else was your spirit of generously and selflessly love without any expectation of return. You gave because your happiness came from putting a smile on someone else face....you would give your very last to help anyone in need...I will always remember your beautiful smile and bubbly spirit... Jessica you would always ask me if you was making a difference in people lives or whether you was fulfilling your purpose in life...I feel you did because you showed me what being a giver was all about. So to the family, know that Jessica loved each and everyone of you. She spoke so kindly about her entire family. She will be missed by many!!!
