“ *My dear friend Lance, I hate it I didn't know you were sick. The last time I saw you, you looked so bad. I was worried about you. When I found out you were in ICU and they thought you wouldn't make it through the night, it nearly broke me. I called the hospital but they wouldn't tell me anything. I tried to find out but with no success. We were good friends for about 50 years. You will be missed my friend. I will always treasure our friendship. We will meet again one day and what a day that will be!!*
