“ Grandmother was one of the greatest figures that shaped me growing up. I loved her with all my heart and i remember vividly playing rummie, Domino's, and eating breakfast every day with her. Grandmothers house was just as much a home to me as any of the ones in my childhood. Humanity lost one of it's greatest Guardian Angels today, and i know she's happy in heaven with Papaw and Uncle Nickey. May she rest in peace.

“ My Grandmother was just as much a mother to me as my mom, there are so many things that I will always remember about her. My favorite memories though are of she and I in the kitchen together cook... Small meals or holiday dinners, we always had a ball and worked together better than any others

“ *She was stubborn as a mule but the most sweetest lady you will ever meet. Your loss is the one thing I never wanted to go through. You were the best great grandmother I could ask for. I wished you were with us still but you are no longer in pain and reunited with pappaw. I love you grandmother and will see you again one day!*
