“ *Lowell was always kind to my mother. In her later years, her niece drove her to town for shopping and errands in an Astro van. He would assist her with climbing back up into her seat. She had a special term of endearment/nickname for him that only certain close friends knew about. He will be greatly missed.--Cindy Perfetti*

I worked with Lowell only a few months before he retired from the GM Parts Division. He was one of the most cordial, considerate, and on-the-level colleagues I ever had the pleasure of working with. Today I decided to search his name in the hope we might "kick the tires" once again, only to learn he passed away just one month ago. I offer his son Allen my condolence for the passing of this good man.
