“ *Dear Faye, I remember you very well and can still see your face. I really wish we could be there for you tomorrow but I have a prior educator engagement that cannot be rescheduled. I will be thinking of you all tomorrow. Thank you for calling Clodeen and telling her personally. She is obviously struggling at home with hospice and 24/7 care herself. God Bless your entire family through your grief.*

“ *My mother (Clodeen Sumner), Willene, Ila Martin, and Margie Holmes had a wonderful time helping people through the Arab Church of Christ for many, many years. They were all highly respected and loved being together. Willene was a very kind and caring person. I saw her several times in late 2014 at Marshall Manor while mother was doing 3 weeks of rehab. They got to talk and rehashed old times even though Willene would forget who we were a few minutes later. She seemed to be the same wonderful person I've known my whole life, other than the memory. She will be sorely missed and was greatly loved! My family is praying for hers during this difficult time. You were blessed to have her in your family!*
