“ *Mychael and I shared great conversations about family, food, children, but, especially music and God. I will cherish the hours of laughter, singing silly songs together, and reminding each other of Biblical stories and referencing scriptures. Heaven gained an Angel. I will meet You at the Gate! ❤️🙏*

“ *A true example of a "Christ Follower." I enjoyed our conversations, Mychael John would make you think about the Bible and what it said. He studied the Bible like we all should. He was a lover of people and music and, now the Heavens are singing! He will be missed by so many.....Rest in Peace, friend.*

“ He was my guitar teacher for about 3 years when I was in high school. I learned a lot about music from him. He was always working on his next album (cassette back then in the late 80s) and would be hunkered over his 4-track mixing something together anytime he had an open slot of time prior to my lesson. One day I asked him if he could teach me about recording instead of guitar. He did. Later, I bought my own 4 track and started recording my friends using all the techniques he taught me. In my career, I've worked with many recording studios and engineers to produce music, video and sound effects. My knowledge about recording and sound engineering started with everything I learned from Mychael. I'm thankful for the time we spent together.

I'm sorry for the space his passing creates in this world.

Mychael and I spent many good times in the studio. First at Jackie Cooke's Song Cellar which was in the basement of the Nashville Songwriters building on Music Row. At Tom T. Hall's Chelsea Studios in Brentwood, Tenn. in Montgomery, Texas and at his home in Arab, Alabama. The day he turned his life over to Christ, he was in my kitchen and I saw it. One of the greatest guitarists to ever play... I'll miss you Pal...

a special feeling from france ,i was certainly his best fan in this country ,i have bought all his albums since the beginning and was regurlaly in contact with him. in august i have commanded his apiastos album but on bandcamp no possibility to have it .mychael told me this last message at this time : Hey Franck,

I'm so sorry for the delay. The weather here has been horrible here. I can't work when it thunderstorms, because if power goes down I lose everything from that session. It is hurricane season...

I had hoped to be finished by Saturday, July 17th, but that may be a little optimistic. I have 6 songs completed, and weather permitting, I should be able to finish and master within a week. I will send you an email the moment I do. And I will make sure you get the entire album you've already paid for.

You have been a very faithful fan of my music...THANK YOU. I believe you will enjoy this one :)

Blessings,

Mychael John
