“ *I know no one in the family knows me but I am a customer of Window World. I met Stacy while he and his crew were installing my windows. I am so saddened that such a wonderful person was taken from us. Stacy was so kind to me and very caring also. He presented as a quiet person yet made me feel so important as a customer he was helping. I want to thank him and honor him. I hope the family is doing okay. Thank you for such a good person from your family making a difference in my life.*

With a heavy heart,
