“ *I was so shocked today to receive a message through Facebook that Steve had died. Steve and I were close friends for a very long time, during high school and long after. I was often his sidekick on his many Studebaker searches, traveling one time with him out to Nebraska to pick up a Studebaker truck and bring it back to Arab. I will never forget that trip because he would not drive it over 50 mph, making for a long slow trip from Nebraska back to Alabama. Steve was certainly a unique guy and a good friend. I will miss him. -- Cary Killian, Okeechobee, FL.*
