“ So many memories shared with Tony going back many many years. He will definitely be missed. Went riding with Tony several times but this particular time it was only him and me. When we met up and got fueled up, he asked if I had anywhere in particular, I wanted to ride and I said I didn't. He said, ok, I got someplace I want to take you. So that day we rode for several hours from here in Arab to Lacey Springs where he took me all over Lacey Springs showing me where he basically grew up. Showed me where he had lived, all the places him and his friends would go to the river to hang out telling me stories of all their escapades. On our way back we went up the back way from Lacey Springs into Brewer and stopped at the gas station there to get a drink and snack. We sat there on the raised sidewalk around the store just talking about anything and everything. It was a really great day.
